If you've been troubled by evil spirits, a haunted house, someone sending you evil energy, or unwanted astral visitors and if you've been looking for a constructive way to deal with it, then this is just the ritual you're looking for!

After this ritual, some people will begin to notice a definite change in the energy surrounding them and in the home, the air is lighter, brighter, cleaner and more at ease. This ritual may produce an energy that is soothing and reassuring to humans. However, spirits find it to be very distasteful and don't wait to get away from it.
