If you've been troubled by evil spirits, a haunted house, someone sending you evil energy, or unwanted astral visitors and if you've been looking for a constructive way to deal with it, then this is just the ritual you're looking for!

After this ritual, some people may start to notice a definite change in the energy surrounding their home, it feels lighter, brighter, cleaner and more at ease. This ritual only produces energy that is positive and reassuring to humans, and evil spirits find it very distasteful and can't wait to get away from it.
