If you've been troubled by evil spirits, a haunted house, someone sending you evil energy or unwanted astral visitors and if you've been looking for a constructive way to deal with it, then this is just the ideal you're looking for.

After this ideal, some people may begin to notice a very definite change in the energy surrounding them and their home, it feels lighter, brighter, cleaner and more at ease. This ideal may produce an energy that is soothing and reassuring to humans, but evil spirits find it to be very distasteful and can't wait to get away from it.
