

Used Wireless mic Sennheiser EW 100 with beltack, (2500 R)

Location **Gauteng, Pretoria**
<https://www.freeadsz.co.za/x-101517-z>

For sale a well-used and well taken care of Sennheiser Wireless system. It works perfectly and there is nothing wrong with it. We are just upgrading...
 It is a Sennheiser EW 100 True diversity receiver with a SK 100 Body pack. Connection to the body pack is via mini Jack. If you connect a headset or a lapel mic, then you can use it for presentations, aerobics, singing and any other voice applications. Connect a Mini jack to quarter inch jack and you could rock the stage with your guitar wirelessly.
 I have tested it and it works very well. The receiver and transmitter have some scratches on the top. On offer is: The Body pack, the receiver including the two antennas and the Power.
