

Audi VW 1.8t 20v cylinder head (9995 R)

Location **Gauteng, Midrand**
<https://www.freeadsz.co.za/x-105788-z>

SAC Engineering are cylinder head specialists and our core business is cylinder heads and all cylinder head related components.

In the case of both our cylinder heads and valves, we engineer or create hand finished products, whether it is a refurbished OEM spec cylinder head or a full blown race head that is a hand finished work of high performance art.

We take pride in the fact that we are probably the only company in the country that can rapidly produce a valve of any shape or size whether it is a one off item or fifty pieces in a short space of time as opposed to trying to source a manufacturer or supplier overseas.

Our Engineering team is a dedicated passionate team of specialists, all properly trained and highly skilled in their various departments.

Each and every job we receive gets our full attention and is carefully costed and this labour is charged accordingly.

Cylinder heads sold subject to exchange
