Product Overview

The LG 32LY750H Pro:Centric Slim Direct LED IPTV (32") is well-suited for use in professional and commercial environments such as hotels and hospitals. This model has a 32"-class LED display and features a 1920 x 1080 (FHD) native resolution for viewing detailed high-definition content. The featured 1100:1 contrast ratio showcases this TV's ability to handle light and dark on-screen images. The panel has a 60 Hz refresh rate to combat image blur and distortion on moving images. The TV features USB, HDMI, as well as various other interface ports for connecting a variety of video sources. A digital optical port is also available for outputting audio to external audio systems. The Pro:Centric Smart technology offers customizable tools needed to optimize a property's TVs with IP-based programs including HTML5, Java, and Flash.
