Selling this as a bundle.

Custom made sealed anechoic box, stacked fabrication, calculated for optimal performance with the Type R woofers.

Although the enclosure is more focused on Sound Quality, it has massive output if you have enough power to drive the woofers correctly. Enclosure will fit into almost all hatchbacks and sedans.

Enclosure is covered in black alcantara, and black acoustic trunkliner. Very neat.

Subs are barely used. R5500.00 for the entire bundle, includes high end speaker cable.
