

1970 Austin Mini Clubman (35000 R)

Location **Gauteng, Centurion**
<https://www.freeadsz.co.za/x-116135-z>

Refurbished engine installed January 2015 with cone filter, disk brakes and an electronic fuel pump. All wiring has been redone along with new battery and brake pads. Timing reset and new fan belts.

Minor work needed:

Light body work cracks, old fuel pump needs to be removed and closed off (small oil leak), speedo and fuel gauge needs to be rewired, need to tighten clutch bar by means of right sized screw, and i have just installed a refurbished starter but it was not put back properly and needs to be repaired. It is still new so the damage will be minor.

Other than small issues she runs as good as new and draws a lot of attention! Centimental car to own!

R35 000 non negotiable, she is 46 years old thus being an antique model. All paperwork at.
