Optoma X305ST DLP Projector - Native XGA, 60â€• image from just 77cm away, Bright images, vivid colours â€“ 3000 ANSI lumens, Up to 10,000 hours ² lamp life and 70% energy saving, Shadow-free images on interactive whiteboards, Retail Box , 1 year warranty-3months on Bulb

Product Overview
The Optoma X305ST XGA short throw projector brings projection flexibility to your classroom, conference room, or training room. Its razor sharp short throw projection lens delivers bright, crystal clear XGA resolution images ranging in size from 39.3" to 196.7" diagonal. The X305ST can project an impressive 60â€• diagonal image from just 77cm from the screen. Standalone or wall mounted, the X305ST eliminates shadows on the screen and allows you to present with ease.

Whether your application calls for wall mounted installation or desktop projection, the Optoma X305ST will win your audience with its vibrant, color-rich 3000 lumens bright image and 18,000:1 contrast ratio. Captivate your audience, increase their learning potential and help improve results with lessons in crystal clear 2D or incredible 3D. With full 3D compatibility. Studies show information is more easily retained when material is presented in 3D, With a host of several input options including HDMI, VGA, composite video and more.

The Optoma X305ST will satisfy your needs for standing apart from the crowd. Enjoy features including a 5W standby power consumption, wide ranging mounting capabilities, rear side projection and a remote control with presenter functionality, perfect for instructors with interactive whiteboards, as well as the technological business advancements in presentation tools for educating and presenting their ideas without shadows and screen glare.
