Control is everything especially on the race track. The DRIFT O.Z. Racing Wheel gives you perfect control of any vehicle: with a rubberised racing wheel rim for ultimate grip and strong suction cups for the best possible hold even when making extreme manoeuvres. It also features a professional gear stick and precise pedals so you can secure those critical tenths of a second. Whats more you can freely adjust the button and pedal configuration, select the sensitivity level as well as set the vibration intensity. Control any vehicle and dominate every track.
