Pioneer CDJ-350 Performance Multi Player

The CDJ-350 is a quality entry-level DJ deck that will play all professional and popular formats on CD or USB, in line with the professional CDJ-2000. And it really comes to life when you connect with your computer. Its USB connection allows for Plug & Play control of compatible DJ software, plus MIDI control for any music software. Also, you can use your CDJ-350 as an audio interface. With the deck comes rekordbox, our own music management software that analyses the BPM and beat position of songs in your library. When you have finished preparing, you can transfer your songs and playlists to a USB device so you can select them by album, artist or genre on your CDJ-350. An industry first feature, DJs can create and edit playlists right on the.
