Still in great condition, well looked after.

Specs:
 2011 model
 37900km
 Rumbux crash bars with bashplate
 Zeta handgaurds
 12V socket
 FSH with Yamaha
 Spots from 4x4Direct (900 lumens). I'm busy fixing the brackets.
 Brand new sprockets and chain (replaced today)

On the pictures I have a home made tail rack (bigger for luggage), however I still have the original if you would prefer.

The petrol tank has a stretch mark :/ Had the scratches on the tank sprayed by Yamaha about 3 years ago, and with this hot summer it stretched slightly, leaving a matt line on the tank. Never seen it before to be.
