

2005 Proton Savvy Hatchback To Trade For Honda

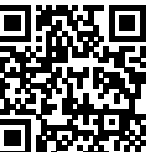

Location **Gauteng, Pretoria**
<https://www.freeadsz.co.za/x-128963-z>

up for trade is a great little run around car. My 2006 Savvy is a 1.2 fuel injected car that has airbags, aircon, central locking, 15" mags, power steering, factory clarion radio, electric windows on the front doors and reverse park distance sensors. The Savvy is accident free and is in great condition and is the perfect run around car as it's super light on fuel. The car does need alittle tlc though. There is a dent on the lower side of the car and the paint is alittle faded on the bumper, the tires are worn on the wheels so they will need to be replaced, the clutch is hard but I've been told that the clutch cable needs to be replaced, the speedo has recently stopped working and the license disk has expired last November. The car has been standing most of it's time with me since last year July as I use the Gautrain, the car still drives and can be used daily. I didn't have time to sort it out as it wasn't in use. I have looked around at the prices of Savvy's that are in good nick and they selling between the R35 000 - R45 000 mark, obviously that's not what I want.

I would like to trade my Savvy for a Honda Civic, or SR4 Ballade dohc 1.6 or 1.8, your Honda can be faulty and need work just like my Savvy but it must be running as well and not have been in any major accidents at all.

This will be a straight swop. Please feel free to contact me via whatsapp or this
