GCK8C4C720

Complete with cables and accessories
Remote viewing via mobile devices
8 Channel playback DVR
Motion detection

A quality, professional 8CH CCTV DIY KIT. Now for the first time ever, it is possible to achieve high quality video image resolution equivalent to that of an IP CCTV system, with this new AHD (Analogue High Definition) CCTV kit
AHD is the most advanced Analogue CCTV Technology, with high end signal filtering, noise reduction and image quality.
The cameras have a 1 Mpxl/720p image resolution at 25 frames per second, design to be used indoors or out (IP 66) and offer a great visual angle with their 3.6mm Lens.
With all the equipment in one package and the ease of installation is ideal for any DIY enthusiast
The System can be setup to be viewed remotely over the internet via a web browser or a suitable smart phone, Android/IOS operating systems.
