R9 290X ATI AMD

This is the Sapphire radeon the 8GB rare version

Been used and not new nut still in an immaculate condition

Honestly you can play any game without overclocking

Unfortunately no longer have the box, didn't think will ever sell it till I saw the new cards on the marked

Please read specs on internet, is one awesome card for gamers, web designing, graphic designing

You won't regret buying that I guarantee you

Also have some other available items, feel free to mail me and I will share prices and photos
