Product Description

At a Glance

Beautiful and large 6.2 inch touchscreen display for your viewing pleasure

Enjoy everything that Windows CE 6.0 operating system has to offer

Pair to your smartphone via Bluetooth and use a handsfree car kit for calls

Built-in highly accurate porcelain GPS antenna for efficient navigation

Get a complete entertainment, navigation and communication system for your car with this 2DIN car DVD player and GPS system. Equipped with a highly accurate porcelain GPS antenna and fast Bluetooth connectivity for hooking up with other devices, the DVD player offers much more than most models on the market.

DVD Player + Navigation System + Handsfree Calls

The 2 DIN DVD player comes with a 6.2 inch touch screen display and will offer your passengers great on-the-road entertainment. So, get your DVD collection ready and watch your favourite movies and TV

shows while on the road. With a variety of video, audio and image formats supported, you can watch anything you want to put back into your car. The DVD player is also a great addition to the car's interior, giving you a great comfort in every part of the journey.

Instead of giving a tedious way to get into your passengers, a lengthy list of functions, the DVD player functions as a top-notch navigation system. Sporting a highly-accurate porcelain GPS antenna, it will give you correct and clear directions to your destination on its large high definition display.

Picking up calls on the road is never convenient. The 2 DIN DVD player comes with fast Bluetooth connectivity, giving you access to even more functionality. Pair the DVD player with your smartphone and you will be able to use the touch screen interface for picking up calls and holding conversations handsfree. You will also be able to control your music player and adjust the volume using the touch
