i am dumping a trailer full of Semi working TV sets and VCR's on the Municipal dump.

What I want to sell is a pretty complete set of Workshop manuals, circuit diagrams for virtually all SA tv sets from the 1st Telefunken 711 to the latest ones around 1997 when I retired.

At that stage I refused an offer for ZAR10,000, which is now about R50,000(ZUR)

Now I am moving on, (upstairs) hopefully not to soon, and can not take them with me!.

Any reasonable offer.

Also Boxes of Practical Electronics. Constructor, and Practical radio etc magazines.

Valuable for educational institute libraries etc.

Cost a small fortune!
