Is the webbing on your quad bikes nerfbars all tatted and torn? Let me replace that for you with new webbing, I do nerfbars webbing for quad bikes. I use 1.2 ton strength webbing and stronger, and it comes in black, blue, red, green, gold, orange and purple and then for the wider nerfbars I use 35mm webbing and that comes in black only. I can do your quads webbing obviously both sides from R250 to R500 depending on nerfbar size, all done in any of the colors listed. I also sell heavy duty motorcycle tie downs per set (2 tie downs. I can make tie downs to suit your needs. Can also make safety net webbing for side by sides etc. I can even have your bike or quad seat recovered in various colours and styles.
