Whoever imagined that watching a kettle boil could be this mesmerizing? With its blue lighting ring and transparent jug that allows you to see more detail as the water boils. The Vision Kettle adds a certain sense of entertainment to the average coffee-making ritual. This cordless kettle is equipped with a removable and washable filter, as well as a cut-out switch to avoid damage to the element when boiled dry. Lid opening button makes it easy to fill your glass kettle. With 1.7 litre capacity and 2200W boiling power you won't wait long before your water is boiled. 360° base lets you turn the kettle in all directions for your convenience. Lime scale formation on the heating element is prevented. It is concealed which allows the element to provide heat for many years to come without losing.
