This is a 1975 classic Toyota coronna mark 2 bakkie. I stopped my bmw 328i for this classic hoping that i would keep it. Now my business needs rescuing and i have to let go. It is licensed and on the road. Just a few more things to do to complete this project. It comes with a 4A- .GE 2.0l twincam 20 valve engine in great condition with a dictator management. It has two single rsi seats in good condition and a pioneer .mp3 player with two standard speakers. It has a 21R 5 speed gearbox. It has revamped leaf springs which are reinforced and 4 brand new Gabriel technomatic shocks. Has been converted to disc brakes all round which are from a rsi. What it needs? It needs new floor carpeting , released bearing needs to be changed and if you want, you can install a powersteering unit. Oh! I forgot to mention that it has 15 inch deep dish mag rims on very good tyres. Call for enquiries. No swops. Price is very slightly negotiable.
