I want to swap my 2.8 gtx 2 door coupe with z conversation and 67mm exhaust system. Has low mileage and well looked after. Has 17" BBS rims with new tires and many xtras. I want an 1.1 uno in good condition and I want a cash difference also as this car is limited. I can also provide a complete turbo kit it wanted. But without the turbo kit I want 25k with the uno or any smaller car not bigger than 1.4 . It doesn't matter the make as London as it's in good condition. The turbo is from my other car and was never put on the skyline but everything is new. The intercooler, management n waste gate plus dump valve
