Suitable for moderate hearing loss. Why pay a ridiculous price for a hearing aid when we can offer you a new high quality Siemens Digital Budget hearing aid at a fraction of the price? This is a small behind the ear (BTE) hearing aid, hardly visible. See the attached photo. This aid offers high amplification suitable for moderate hearing loss. It has a very natural midrange fidelity with an excellent battery life and it compares favorably with hearing aids selling for ten times the price..

Best of Breed, Siemens Digital Hearing Aid.
This is a top quality product at a very affordable price.
