What an awesome car.... This car is sporty and ideal for a student or young-at-heart !!!

Stock standard with no modifications or additions whatsoever

It has ample power yet very economical on fuel (almost as light as a diesel !!!)

Full Service History (R8000 recently spent to get it 100%) and cheap to maintain

PLUS..... it still has the 3 year / 75000 Warranty AND a 5 year / 90 000 km service plan (ending in April 2019)

Tyres are still in good condition

POINTS to note :

1) minor scratches on front bumper (lip) and right rear wheel arch. Maximum of R3000 cost to repair professionally.

2) Petrol flap spring is out but it still opens (max R100 to fix). I just havent had the time nor the need to
