 Increase Production efficiency with advanced scanning intelligence and processing speed. Its automatic document feeder will handle up to 200 sheets at a time, freeing you to do other things. The hopper can accept both square edge and fanned paper stacks helping to eliminate paper jams and increase overall scanner productivity. On top of this, the fi-6770 is able to scan paper that is up to 3m long, which enables it to digitize electrocardiograms, instrumental data readings and other long documents Supplied with Paperstream which will ensure the best quality images and in addition simpler scanner/paper.
