Thinking of buying a new home? Looking at a quote for repairs on an existing home? Want to know what the assets & liabilities on the new purchase are or need to feel assured that you're not getting ripped off on maintenance quotes? Let me as a contractor with 25 years experience across the green & construction industries vet your new purchase/quote in hand. For R2850.00 (site visit) or R2450.00 (electronic comms) I can provide a detailed breakdown with accompanying costs on the maintenance/repair issues on hand on any new home that will allow you to make an informed decision about the purchase as well as perhaps leverage the purchase price or, for those who want to effect repairs, allow me to vet the quotes you receive/make recommendations/provide alternatives and/or peace of mind.... Enjoy the qualified & commonsense knowledge and costing of the built human environment in one man - be informed! Unbiased & with no vested interests - merely an asset in your pocket to allow you peace of mind large purchases/expenditure. Get a "COC" on whatever you are buying - call.
