Location

Three of our cats have gone missing over the last week. One is light ginger with a white belly (male) the other two are almost identical sisters with black fur, white paws and white bellies but can be told apart by a white line from the neck to the chin and the other a black tow on her left back foot. We live in Breyer ave Waverley Pretoria. Each went missing about two days apart. Please if you have any information contact me at 083 327 1020 or wynand22erasmus@gmail.com . Please help me find them as they are a very important part of our family and my.
