

Professional Vehicle DPF Remove amp Delete (5500 R)

Location **Gauteng, Midrand**
<https://www.freeadsz.co.za/x-170081-z>

We can remove and delete the complete D.P.F. on your vehicle starting from only R 5500.00!

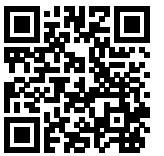

This is done by removing the physical D.P.F. from your vehicle and deleting all related fault codes on the ECU (Engine Management System), much the same method as with ECU Remapping.

Thus we ensure that the vehicle will not go into limp mode or show related engine lights.

Should you have already removed the physical D.P.F., but now require that the fault codes be deleted, we can assist. Prices start from only R 4500.00

Please visit our Facebook page, for previous vehicles. www.facebook.com/plugandplaychip.co.za
