Product Overview

The HP HD-2300 Webcam is an affordable, easy-to-use, highly portable webcam for your Windows based Desktop PC or laptop for you to enjoy chatting to friends and family around the globe. Offering a fantastic 1280 x 720 resolution, catching up to friends and acquaintances over the internet has never been so easy.

Compatible with most of the most popular IM or web calling applications right out of the box, such as Skype, Yahoo! Messenger, Windows Live Messenger, and AOL Instant Messenger and has been designed to make it simple to instantly connect and communicate with others and with the HD 2300's built in microphone and 720p broadcasting they'll be able to hear and see every word and gesture as if you were there in the room with them.

This webcam streams video at 30 frames-per-second with a smooth maximum resolution of 720p (1280 x 720).The built-in USB 2.0 cable connects to your Windows computer and powers the webcam. The

included clip allows you to prop it on your monitor or laptop. The HD 2300 Webcam also allows for a quick pick up and go on the network. So much as a quick making of our video. It is a quick and easy endeavor to get a high quality video with superb audio and sound. The HP
