I have 2 mk1 golf projects for sale. One is a 2 door and one is a 4 door. Both not in any sort of running condition. The 2 door has NO PAPERS but the 4 door does. I bought them with the intention to build the 2 door up and use the 4 door for the spares. These cars arent complete and need alot of attention. I also have a 2L 8v fuel injection motor with original management to go with. This is going as a package. I want R20000 neg for all or swop for something i can use. Please note im selling this because ive got no time to build them so no other projects please unless its running. Please no silly offers and only reply if you are serious. Call or whatsapp me for more info
