Features Overview

Keep in touch and in sight on the Web Ready to share in HD?.

The MANHATTAN HD Web Cam 760 Pro XL helps improve online communications, instant messaging, VoIP and social media with high-quality photos and video and better color. With simple operation and easy-to-use software, its 7.6-megapixel (software interpolated) CMOS lens captures crisp images and smooth, steady video to share in widescreen HD resolutions up to 720p. Automatic color balance, exposure and brightness controls help make professional-looking photos and video ready for upload to Facebook, YouTube, MySpace and more. Special, built-in filter and frame effects add customized, personal touches to images. A sensitive, built-in microphone with a stable frequency and dynamic range adds voice and sound to video recordings and ensures clear communications with VoIP and Skype, Windows Live, Yahoo!, AIM, Google Talk and other instant messengers. Windows and Mac compatibility, Plug and Play installation, compact design and a universal clip fits most flat-panel displays to help quickly connect in HD with friends and family.
