Two way radios for sale, service, repairs and Two way radio Rentals in Silverton, Pretoria.

The GEMINI 12V dc domestic sliding gate system is a self contained unit, which comprise of a single 12 Volt direct current electrical motor that drives the rack pinion through a reduction gearbox. The electrical motor, carrier bearing and associated components are mounted in a rust treated base box. The base box is secured to the base plate, which in turn is cemented or bolted to a concrete base. The complete unit is enclosed with a weather resistant lid. This motor is available in two.
