Product Overview

The LG 49LH600V Series 49 inch Full High Definition Direct LED Smart TV will change your expectations of what a TV can do. With a host of Smart features designed to enhance your viewing experience – the evening news, movies and videos will never be the same – theyâ€™ll be much better. Enjoy FHD content with the modern and stylish LG 49LH600V Series Smart TV that is designed for those that want to enjoy detailed 1080p images. It features a 49 inch LED-backlit LCD panel with a native resolution of 1920 x 1080 and a 50Hz refresh rate that will reduce blurring of fast-moving objects for enhanced clarity.

In addition as a smart TV, this model has Built-in Ethernet Lan Port and in Wi-Fi 802.11.b/g/n connectivity as well as LG's WebOS user interface that allows you to tap into streaming entertainment services and browse your favourite websites directly on the TV's large display. It also features LG's Triple XD Engine that is designed to enable more natural colour expression, deeper contrast, and more refined

motion so that viewers can be immersed into a world of entertainment. The movies seen, games played and viewed can be shared with the absolute best. You're a fan of sports on Black Friday's of telecasting and the television does not take you short on picture quality, clarity and wide virtual surround sound experiences. It has a 3D surround sound effect. Experience richer, unique and regular content of the type content. Clear Voice III Technology enhances sound quality by separating voices from background noise to provide you with a clear and crisp listening experience.

The LG 49LH600V Series 49 inch Full High Definition Direct LED Smart TV has three (3) HDMI inputs for connecting digital HD sources and a component video input for older analogue HD devices. The component input will double as a composite video input for SD sources when not in use. Its Dual (2) USB ports with plug-and-play support provide virtually endless options with regard to how to display your
