Product Overview

The Geeko Virtual Reality 3D Headset Glasses with Mini Bluetooth Remote Controller is specially designed for Android and iOS based Smart Phones from 4.5inch to 6.0 inch for you to journey into a new way you watch movies and play games. This headset combined with your smartphone gives you access to immersive 3D videos, games, and augmented reality, it is like having your own very private 3D Cinema and also gives you a great gaming experience in complete privacy.

The Flexible, adjustable headband suits most head sizes and thanks to the specially designed resin lenses, there won't be any dizziness or visual fatigue even if you wear it for extended periods of time. The Geeko Virtual Reality 3D Headset can be worn with eyeglasses, and has ventilation ports to prevent fogging on the lenses.

It is easy to use by children and adults alike all you need to do is download movies , games and applications on your smartphone and slide your smartphone into the customised slot on the Virtual Reality 3D Headset and new worlds open up to you ... in addition, it is equipped with a Mini Bluetooth remote

controller for controlling selfies, music, videos and game, etc, which can bring you much convenience. The Geeko Mini Bluetooth Remote Controller is compatible with Android 4.2 and above and iOS 8.0 and above. However with some limitations, but with a Mini Bluetooth Remote Controller it supports many functions.

Amazing Revolutionary Tech- turn your Smartphone into a virtual reality viewer. You can experience the immersive, fun and exciting world of VR. Fly through the Grand Canyon, play 3D games, travel the city streets of Paris or become a character in an animated film.

Compatible With Android And iPhone with 4-6 inch screen, and works with over 300+ iOS/Android virtual reality apps on Apple App Store and Google Play Store. Search VR games/3D split screen or some other related keyword on Google Play or App store to enjoy shocking 3D effects.
