Fast, smooth, full HD 1080p video.

Full HD 1080p with Skype video calls

- See and be seen in high-definition quality.
- Logitech partnered with Skype to deliver high-definition 1080p resolution with the C920 webcam.
- Make sure you have the latest version of Skype for 1080p HD video calling.

Full HD 1080p recording

- Record videos in widescreen Full HD 1080p at 30 frames per second.
- The same H.264 encoded compression that enables high-definition video calls with Skype, also lets you capture great videos.

Sharp, rich-color images

- Smooth video quality, rich colors and clear sound in real-world environments are produced by Logitech Fluid Crystal technology.

Carl Zeiss optics

- To bring you the best webcam images possible, Logitech and Carl Zeiss turned the classic fourelement Zeiss Tessar design into a five-element design.
- The new design focuses light onto the sensor with maximum detail and minimal distortion.

messaging services.

Auto focus

- C920 uses the same type auto-focus motor used in smartphone cameras.
- Optimized for webcams, the auto focus gives the sharpest image possible, even as close as 10 cm.

Stereo audio

- A stereo recording or broadcast creates more of a sense of place; it creates a listening environment.
- Capture video or make a video call knowing that will be heard clearly and naturally.

15-megapixel snapshots

- Capture brilliant, software-enhanced, 15-megapixel.
