Altopro Wireless HeadMic - Radius 100 - Brand new never been used.  
 Professional UHF Diversity Wireless Microphone System

When you need a wireless microphone, you need it to come through with consistent, reliable performance. Excuses won't do. Only performance counts.

Radius 100 is an easy-to-use UHF diversity wireless microphone system that is available in three versions and provides reliable, crystal-clear sound for a wide range of professional vocal applications. Alto's switching diversity receiver design utilizes two separate antenna systems for uncompromised wireless performance. If one antenna experiences signal interruption, the receiver instantly switches to the second antenna. This assures you of an extremely stable, reliable wireless signal, with virtually no chance of dropout or interruption. This is the promise of wireless performance-delivered!

## FEATURES

All-in-one, easy-to-use wireless microphone system for professional vocal applications  
 Dual-antenna UHF diversity receiver for increased reliability and signal consistency  
 UHF band operation: 520 - 937.5MHz (regionally selected)
