Product Overview

The LG 32LH500D.AFB Series 32 inch (81.3 cm) HD Ready Wall mountable Direct LED TV is ideal for you to enjoy TV shows, movies, games and more in crisp 720p High Definition with the bright colour and outstanding efficiency of an LED-backlit display. Its slim profile, is an elegant way to bring an impressive picture to more spaces creating an optimal viewing experience that everyone can enjoy.

Watch all your AVI format videos, play music or view photos from a USB device with this television's USB input. The Two HDMI ports are perfect for keeping your Blu-ray player or gaming system connected. LG's exceptional picture quality is further enhanced by the Triple XD Engine, which processes images with even greater precision. The latest Triple XD Engine enables more natural colour expression, deeper contrast and more refined motion so that viewers can enjoy a more lifelike picture.

Features

LG High Definition Resolution LED TV

Brilliant LED backlighting display delivers crystal-clear images, true blacks, and the most vivid, life-like

colors on a slim screen. Pictures are sharper. Colours are more vibrant. Entertainment is more real. The TV looks better than any LED TV.

Triple XD Engine
 The Triple XD Engine and motion processor brings a new level of excellence in Color Contrast, and Clarity for the best picture quality and performance.

Picture Wizard III
 Picture Wizard III allows you to easily adjust visual elements such as black level, color tint, sharpness and backlight levels.

USB 2.0

Connect your digital camera, M-P-3 player or USB stick through the USB port to show off your latest holiday snaps, music collection or High Definition movies for a true multimedia experience

HDMI Interface

High Definition Multimedia Interface offers incredible audio/video quality and single-cable convenience. This unit includes two HDMI inputs, so you can connect a true high-definition source, such as a high-end computer, Blu-ray player or next-generation videogame console.

Smart Energy Saving

The Backlight Control function controls the brightness of the TV. The Screen Off function lets you switch off the screen while keeping the audio on. Standby Mode Zero function sets your TV to a power saving mode where zero electricity is used.
