Location **Gauteng, Midrand**
<https://www.freeadsz.co.za/x-191370-z>

KGuard QRT-502 Mega Pixel Wireless IP Network Camera - Image Sensor: 1/4" Mega Pixel Color CMOS sensor, Max. Resolution: 1280x720 pixels (Mega pixels), Lens: 3.6mm fixed, F1.6, Video Compression: H.264, Color during day, switches to B&W at night up to 10M, ONVIF 2.0, Retail Box, 1 Year Warranty

Product Overview

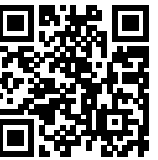

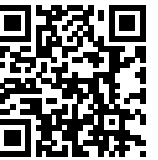

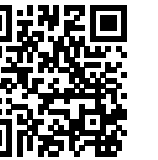

The KGUARD QRT-502 Wi-Fi network IP camera with 720P high resolution is able to provide excellent quality videos and images. 720P resolution is 200% higher than 960H resolution. With the tilt function, QRT-502 could vertically up to 160 degrees. Besides, by using motion technology, you could focus on some important areas where you want to protect. The camera will start to record the images and send an email to you once it detects moving objects.

Furthermore, KGUARD provides free KViewCam app for iOS and Android system to allow remote monitoring anywhere and anytime. With the latest smart Wi-Fi technology, users could setup Wi-Fi connection in few steps via KViewCam. Once the setup is complete, you can check video from your device right away.
