

Blackstar Club HT-40 TubeValve Guitar Amplifier (10000 R)

Location **Gauteng, Pretoria**
<https://www.freeadsz.co.za/x-193795-z>

Blackstar Club HT-40 Tube/Valve Guitar Amplifier in a perfect condition.

This amp was bought brand new, and almost never used, it is now around one year old. The valves are still brand new

This amp can go from clean to that perfect tube drive to all out metal. There is a clean and distorted channel, and these can be controlled via the included footswitch. The amp also has built in reverb that is controllable via the footswitch. This amp also features an effects loop for adding more pedals.

This is quite a loud amplifier, but with the master volume switch, it is suitable for everything from bedroom practise to a medium size venue, for larger venues it can be miked up, or you can use the emulated output that is also useful for recording.

The price is negotiable, so make me an offer and I will consider.
