1972 Citroen DS20/5. Runs and drives perfectly, as a Goddess should! Engine, gearbox brakes and suspension are all in excellent working order. Recently resprayed in a subtle black metallic paint, a real head turner. Upholstery is in tan brown genuine leather, nicely patinated. It also benefits from the optional five speed gearbox, making highway cruising a more pleasurable experience. This is a genuine classic, with engineering design still unsurpassed after more than 60 years. A car like this must be driven to be appreciated and at the asking price this one can be driven everyday, not tucked away to be admired occasionally. In other words it is not a concours car and I never intended it to be, if that is what you are looking for then this is not for you •Š I am selling it as I have 11 other classic vehicles. The Citroen DS has rocketed in value over the past few years, making this an excellent.
