Wireless Subwoofer Enclosure Type Subwoofer Driver SizeBass Reflex 8"Crystal-clear vocal performance The 8501's centre speaker is dedicated to providing the best vocal clarity performance. Focusing exclusively on reproducing speech, it is perfect for watching content with a lot of dialogue â€" and works seamlessly with the other eight built-in speakers to deliver captivating audio for your favourite films.

Crystal-clear vocal performance The 8501's centre speaker is dedicated to providing the best vocal clarity performance. Focusing exclusively on reproducing speech, it is perfect for watching content with a lot of dialogue â€" and works seamlessly with the other eight built-in speakers to deliver captivating audio for your favourite films. Crystal-clear vocal performance Samsung's most detailed and powerful sound experienceThe 8501 series is Samsung's most comprehensive speaker setup yet. A total of nine builtin speakers work perfectly together to create the ultimate TV movie experience. The two side speakers at the end of the Soundbar increase the sweet spot of the surround sound effect while the central speaker is dedicated to dialogue. Samsung's most detailed and powerful sound experienceEnjoy more accurate and pure audio quality With 8 amplifiers dedicated to each speaker, the J8501 delivers an accurate and pure tone by letting the amplifiers take control of the speaker drivers. Each amp controls certain frequencies to reduce distortion and provide a superior sound experience.1 Enjoy more accurate and pure audio qualityThe most flexible way to grow your audio system Wirelessly attach speakers to this
