

# Canon EOS 600D 18MP Digital SLR Camera (5999 R)

Location **Gauteng, Johannesburg**  
<https://www.freeadsz.co.za/x-20028-z>

Selling a Canon EOS 600D 18MP Digital SLR Camera.

- + EF-S 18-55mm f/3.5-5.6 DC
- + Sandisk 8GB Extreme SDHC Card
- + Lowepro camera bag

Brand new still sealed in box.

Overview:

18 MP APS-C CMOS sensor

An APS-C sized, 18-megapixel CMOS sensor captures images that are packed with detail and clarity. Such high-resolution allows large print sizes and the flexibility to crop pictures for alternative compositions.

ISO 100-6400 sensitivity

An ISO range of 100-6400, extendable to ISO 12,800, enables high-quality hand-held shooting in low-light conditions, with ISO 12,800 available for film simulation.

DIGIC 4 image processor

At the heart of the Canon EOS 600D is a 14-bit DIGIC 4 image processor that provides exceptional colour reproduction, smooth tonal gradation and tight control over noise.

Scene Intelligent Auto mode

Scene Intelligent Auto analyzes each scene in detail and picks the right camera settings each and every time, leaving you free to concentrate on what's important. A camera that's important to your photography.

## On-screen Feature Guide

The EOS 600D's on-screen Feature Guide provides descriptions of many of the camera's functions, as well as advice on how to use them.

### Full-HD EOS Movie

Shoot Full-HD video with manual control over frame rate, exposure and sound. Video Snapshot technology allows short clips of 2, 4 or 8 sec to be merged into a single movie file, for footage that looks like it was edited professionally, while Movie Digital Zoom permits 3-10x magnification.

### 9-point wide-area AF and iFCL metering

Nine AF points, including one central cross-type sensor, spread out across the frame for swift, accurate focusing, even with off-centre subjects. 63-zone iFCL metering ensures accurate exposures time after time.

### 1,040k-dot vari-angle 7.7cm (3.0") screen

Shoot from unique angles with a 7.7cm (3.0") 3:2 Clear View LCD screen, containing 1,040,000 dots for increased clarity.

### Basic+

Basic+ technology allows photographers to customize basic auto settings according to lighting conditions or ambience.

### Creative Filter Effects

Creative Filter Effects can be applied to Raw and JPEG files post capture, including Toy Camera, Soft Focus, Miniature, Grainy Black & White and Fish Eye simulations.

### Built-in wireless flash control

An integrated wireless Speedlite flash controller and Easy Wireless technology allow off-camera TTL flash without the need for extra accessories.

### Use with all EF and EF-S lenses

---

The EOS 600D is supported by the complete system: flashguns, remote releases and over 60 lenses trusted by professional photographers the world.
