

selling all my time share of QVC 20 points. (15000 R)

Time share is for a lifetime and the only downside is that a membership is paid annually starting from September, to allow for booking to be made. The annual can be paid off monthly, broken up into 12 months, outstanding amount for March 2015 to September 2015 is R 3133.41. the amount already paid from September 2014 to February 2015 already I will not require payment for.

How it works, I bought the Timeshare of 20 points and get another 20 points free in the second year. So if I use the 20 points to stay for holiday at a place, I will receive a renewed 20 points for my next vacation and if I still don't use it within the year the second year I will receive another 20 point extra which will now be 40 points to use for a vacation at a better resort/ accommodation.

If the 40 points are still not used, the 20 extra points will expire and be renewed or reset to 40 points in the same month in the year it suppose to expire.

Please note to be fair and what that I am selling is only 20 points what I already paid up to date and not the 20 free point already. after the sale of the points, The membership fee can be signed with the booking company and does not fall part of my shares that I am selling.

Please note that this is a private sale and the Timeshare company can arrange the exchange between the seller and the buyer, because they have to transfer the points and the membership to the correct buyer to have it in his/Her.
