CHANGE THE WAY YOU COOK

There is just something about the taste of food cooked in a Wonderbag. Something that no conventional cooking can capture. Something that creates a combination of succulent dishes.

NO PLUGS. NO FUSS.

Wonderbag is a simple but revolutionary non-electric heat-retention cooker. It continues to cook food that has been brought to the boil by conventional methods for up to 12 hours without the use of additional fuel.

IT'S ALSO A COOLER BAG.

The Wonderbag keeps food and beverages cold. Freeze it, bag it, store it, serve it.
