This is my daily car since 2012 when i installed a brand new Toyota 4y Engine and Gearbox. the wheel brackets have been remade to support bigger size tires(currently 205) and new rim types. I have installed a Free flow exhaust and Anti-Theft. The cars engine has done about +/- 80 000km. The car comes with spare parts. Papers in order and on the road. The body does need some TLC and a few original parts here and there. Price.
