Hi I'm located in centurion, i have a Subaru 1998 GF8 2L automatic station wagon for sale. The car is in fair to not bad condition, just there are 3 major problems 1st is the car drives but the gearbox has a problem it only engages in 1st and revers gear, no 2de, 3de or 4th. Then the motor smokes on start up and under acceleration so i think it is valve stem seals the bottom end was done not 8 months back so its definitely heads related. And last the L/H door has a damage and needs work. Car specs like i mentioned its a gf8 2l 16v. Awd.4 speed Automatic, Car has aircon needs regas.Subaru mags. Power steering. Car also has a auto watch alarm installed, license expires 31/05/2017. Ask for any info you might.
