Send inquiries to ibr@intekom.co.za

These beach boat maneuvering rollers are custom designed & manufactured to exact customer specification.

Our rollers are manufactured from extra heavy duty inflatable boat material - and enjoy a comprehensive 3 year guarantee.

Rollers are inflated like an inflatable boat & stowed away by deflating them & rolling them up like a sleeping bag.

Any size beached craft can be maneuvered on the beach . . . from jet ski to large ski-boats, catamaran twin hulls; or mono single V-hulls

Two options are available:

Armoured beach rollers with this dark grey PVC flooring layer (spray painted with special imported white PVC paint) for protection on soiled beaches that could puncture beach rollers

Standard beach rollers manufactured from extra heavy duty inflatable boat material, also spray painted with a special imported white PVC paint to prevent rollers from over inflating while lying on the beach . . . these boat rollers are intended for use on pristine unspoiled beaches with no debris that could puncture the rollers
