Live to far to attend a course?

You now have the opportunity to master the theory online - in your own time and pace.

Please click on our website link below for more details.

In South Africa it is law that any person operating a water going vessel with power of 15hp or more must be in possession of a valid skipper license. This includes Jet Skis.

It is important to understand the rules of the water, regulations and laws when operating a power driven vessel - this include jet skis. Currently the license is permanent and not renewable like a vehicle.
