Hi, I'm selling a used Mobile Repeater Unit that will help boost bad cellphone voice reception on Cell C, MTN and Vodacom networks.

The device is manufactured in the UK and is still in excellent condition. I used it for about 18 months on the Cell C network and worked very well for us. If you would like more technical info, please visit the Company's website where I purchased it from: <http://www.mobilerepeatersouthafrica.com/products/signal-booster-all-networks>

The model is the MRE 001 and comes with External and Internal Antennas, 10m Coax Antenna Cable, Repeater Unit with connections and instructions and I'll also include a "high gain Yagi antenna" (worth R950) free of charge.

Buyer will need to collect in Meyerton, Vaal Triange, or Alberton Gauteng, or else delivery can be arranged via Postnet (for buyers account). Cash only and price is negotiable. Contact
