Hi, guys and girls I have this complete PC up for sale perfect for office use or for the kids who need a PC. Built from quality second-hand parts and run for a full day using BurnInTest. It also includes a valid Windows 7 Home Basic (32bit) and valid license for Office 2010. It also includes Panda free AV, Acrobat Reader and other apps and utilities for it to work as home or office PC. It also comes with brand new keyboard and mouse and a 600VA UPS with brand new battery pack installed. I prefer a face to face meeting but willing to ship at buyer expense and risk, price is none.
