ANDROID SMARTPHONE GEOTEL NOTE

The Geotel Note is a great Android smartphone that comes with a price tag of less than 100 US Dollar. Although cheap in price, this affordable Android phone comes packed with sophisticated hardware that allows this phone to handle the latest software features and mobile applications available on today's market. The phone runs on an Android 6.0 operating system thanks to which it will treat you with a

smooth user experience. Whether you use it to play games, watch movies, enjoy mobile applications or simply browse the web, you'll be out of surprises this smartphone is guaranteed to meet basic smartphone demands.

With a 5.5 inch display, the Geotel Note smartphone puts all your favorite apps on a crisp 720p resolution. With access to the Play Store, you'll be able to download and enjoy unlimited amounts of mobile entertainment without needing to spend a dime. The next time you head out and need to spend several hours in the back of a bus, or are waiting for your friend to arrive, there will be no reason to feel bored again. Supporting a decent 16GB of internal memory and a 32GB SD card slot, there is plenty of space for you to store your latest downloads.

Underneath its beautiful HD display, this Android phone packs a Quad-Core CPU that can reach speeds of up to 1.3GHz. The 3GB of RAM and 16GB of internal memory ensure that you can run multiple apps simultaneously without any lag or slowdown. The 13MP rear camera and 5MP front-facing camera will let you capture high-quality photos and videos. The 4G connectivity and Dual-IMEI support make it easy to switch between networks and stay connected. The 5.5 inch HD display provides a clear and vibrant view of your content. The phone is also equipped with a 3.5mm audio jack and a microUSB port for charging and data transfer. The Geotel Note is a great choice for anyone looking for a reliable and affordable Android smartphone.
